

Mission Statement

The mission of the Lansdowne Friends School Parent Group is to support the students, teachers and parents of the school by developing and implementing activities that build community and enrich the learning environment. Included in these activities are fundraising in conjunction with the school's Development Committee, educational events for parents, social events for the LFS community and outreach to new LFS families.

Service

We are dedicated to fostering the core value of service as a necessary part of being a socially responsible individual within the larger community. The clerks of the committee help coordinate key activities throughout the year that involve students, teachers and parents in assisting people in need within the community. In past years a blood drive and a coat drive were sponsored.

Volunteer Coordination

The number one goal of this committee is to work with/through the Class

Representatives to enlist the services of the parent population to staff parent group events.

Social Activities

The focus of this committee is the development, enhancement and strengthening of the LFS community of students and their families.

Publicity/Communication

This committee's goal is to ensure timely and open communication to the entire parent body of parent group priorities and upcoming events.

The committee works with the school administration on the content and distribution of all media messages for parent group events.

May Fair

It is the goal of this committee to provide the LFS community and the community at large a day of fun, food and games. The day historically includes crafts, carnival style games, music and of course food. This event is not only a strong community building event; it is one of our most successful fundraisers.

Pizza Lunch

This committee provides the staffing for a pizza lunch for participating students, consisting of their choice of pizza, fruit and/or veggies, beverage and cookies. This is a PG fundraiser, run entirely by parent volunteers.

Fundraising

Our focus is on raising funds to sponsor school community functions and to contribute to the school those things that the school needs but cannot cover within the school budget. In addition, it is the goal of this committee to investigate new fundraising ideas and determine their viability. In past years this committee has managed events such as Joe Corbi Pizza and Cookie Dough sale and Innisbrook Gift Wrap sale.
